# CROWN'S CASE PRESENTED IN THREE HOURS

Police Methods in Sedition  
Utterance Charge  
Is Probed

CALL BACK TODAY

Utterances, by Smith Taken  
Down in Long and  
Short Hand

(By Jack Hamilton, Canadian  
Press Staff Writer)

Toronto, March 6 (C.P.)—Defense counsel for E. R. Smith, leader of the Canadian Labor Defense League who is charged with sedition in utterances, mastered their forces today for a final attack on Crown testimony. Possibility the case may conclude before tonight's second day of the Crown hearing finished last night. Before the day ends, this Mack, Harry Little, former of the Communist party of Canada, will return to the court in view of the Crown having finished last night. He had received a five year sentence to be served on the basis of Smith's first offense.

At a preliminary meeting after the hearing of the Communist party of Canada, Smith declared in reference to the Crown, declared Premier H. H. Bennett had ordered that the case be heard in the House of Commons.

The case will, in all probability, revolve around the testimony of two Toronto police officers, Sergeant Detective William Smith and Acting Detective Norman Mann. Both declared in reference yesterday that they had seen Smith's speech in long-handled. Two other Crown witnesses, who had been called to the stand later, said they had seen Smith's speech, but could not be guaranteed as 100 per cent perfect.

Grand Jury of Criminal Court for the Crown was conducted by Peter White, C.J., and Major Thomas Mann. Acting for the defense is J. M. McKinnon, K.C., former Minister of the House of Commons, and J. P. McKinnon, K.C., former Minister of the House of Commons, and J. P. McKinnon, K.C., former Minister of the House of Commons.

Smith is a former President of the Canadian Conference, the Methodist Church and was also a member of the Methodist Church. He came out 12 years ago in connection with the Canadian Labor Defense League case.

On Monday police "red" again which immediately followed the police officers' testimony in the case. The police officers' testimony in the case was that they had seen Smith's speech in long-handled.

Smith has already been given the charge of sedition in utterances, but several other witnesses are to be called, including Smith, and it is possible the case may go to the jury before tonight.

Yesterday the defense moved for a quashing of the indictment, claiming the charges were not to be admitted in court.

## STIRLING STREETS ARE FLOODED

### Ride On Ice-cake Nearly Meets With Dis- aster

**Stirling**—The oft repeated remark "Some Winter" has been turned into "Some Water" in Stirling. Monday saw Mill Street converted into a veritable mill pond when the streets in the section of the block extending from Fox and Anderson's store to the Bank of Montreal corner were submerged by water several inches deep and

which entered the sidewalks impassable. Sunday morning the water had flowed into the basement of the bank of Montreal building to a depth of three feet extinguishing the fire. The fire hose was used in an effort to pump the water from the building. A ditch at the rear of the business place on Mill Street has failed to carry away the water being blocked by ice and on Monday the cellar of every building on the street was filled with water at an average

depth of three feet. Barns and garages at the back of the stores were also flooded and a foot of water flowed in the side door and out the other. Monday afternoon brought the storekeepers arrayed in rubber boots, out in the streets working with pick and axe to keep the water back by fashioning little ditches to convey the rivulets away to the Creek. The fire hose were also pressed into use in an effort to pump the water from the basements.

Maureen and Jack Pennworth and Billie Long have been removed from the dam and Rawdon Creek has already overflowed its banks and in the village itself, has mounted over the cement wall at the swimming pool.

## LAD, PLAYING WITH AXE, CUTS OFF FINGER TIPS

**Little Son of B. Thompson, Murray, is Injured**

Frankford—The water-level in the Trent river which reached its highest on Tuesday was down two feet on Wednesday. The ice caused little unusual inconvenience to Frankford people. The ice is breaking up fast and with prospects of colder weather little more trouble is expected. Besides, the low water level is not so low as the river higher than for some years.

Nell Thompson, young son of Blake Thompson of Murray had the ends of three fingers cut off on Tuesday afternoon while playing with his father's axe. He was rushed to Frankford where Dr. McMillan attended his injuries.

Mr. and Mrs. Charles Shoultz left on Wednesday night for Chaparral where they will reside for some time. Mrs. Shoultz has a son, Fred, who has moved to their farm near Gering.

Helen Green, little daughter of Ellis Green, who had been returning from Deleville hospital, is critically ill with scarlet fever, under the care of Dr. Vining.

Mrs. J. E. Finnigan is in Belle Plaine hospital, suffering from blood poisoning in her finger caused by a slight scratch with a foulain-penpoint.

The United Church was packed to the doors on Thursday night to hear the Carolina Jubilee singers in their fine programme of southern melodies. It is quite probable the girls will be invited to return again next year.

Pupils of Frankford schools are being given special privileges in the education sections of Frankford Public library. A number of new books have been ordered especially for their benefit.

Rev. J. P. Lane, Mr. W. Simons, Mrs. K. Stewart and Mr. L. W. Matthews of Frankford, attended a combined meeting of Stockdale and Zion Epworth Leagues at Stockdale on Tuesday evening.

A special feature of the evening was debate on "Rembrandt that deciding not harmful." Miss Murrey and Miss Chamé very ably supported affirmative and Mr. Chas. Stewart and Mr. John Cosens took the negative. The negative was declared the winner by a slight margin. Dr. Sargent presided.

ing the evening session. The movement began started in the Dominion, and Matthews gave a review of Beverly Nichols book "Cry Havoc." Mr. Montgomery has been engaged this week in writing a book of code for the new heavy bomber. The 4th Concession book team claimed their season's victory by defeating Fushoro in Franklin Wednesday night with a score of 40-10. Bonstetter's tally in the first round and Mounsey's in the second round were the best of the team. The team was championed. ## Some Friends Dropped In

The New York Amerks, on their way home for the Stanley Cup, stopped at Toronto on Saturday for a cozy little visit with the Maple Leafs, but, unfortunately, were too late for the Skating Carnival. A number of other friends of the M.H.C. dropped in for the evening (or to keep their seats warm for the Stanley Cup games) and a pleasantly informal evening was enjoyed.

Some ice hockey was indulged in, it being won by the Montreal team, 9-5.

The skating of Mr. Boll and the stick tricks of Mr. Joseph Primeau were applauded heartily, but everyone voted that the life of the party was Mr. King Clancy.

Clancy did not take part in the ice hockey but, as master of ceremonies, he refereed, coached, led the cheers, put on the ten o'clock party and, in the end, there and everywhere, he was so fast it created the impression that a large and enthusiastic crowd was on hand, or that the place was haunted.

Domestic Government is sympathetic to suggestion

Ottawa, March 11 (CP)—The question of a cold-shoulder action on the anniversary of the 1945-46 Canadian election, which the Progressive Conservative Government has been asked to consider, has been rejected by the Agriculture Department. It is the department's policy to be sympathetic to the suggestion, but it is not to be taken into account in the future.

## WHEAT BOARD TO BE FORMED

Have Authority to Deal  
With Any Emergency,  
That Might Arise

Ottawa, March 14 (CP)—Provision for the establishment of a wheat board, created with authority to deal with any situation that may arise, including an emergency, resulting from an unexpected large crop, will be made at the present session of parliament.

In making the proposed amendment to the wheat act, the government has not only the steps to be taken to deal with such a situation, but also the steps to be taken to deal with a wheat board.

As Mr. Bennett was making the announcement of the three great provinces of the west, Manitoba, Saskatchewan and Alberta, were being asked to join the establishment of a wheat board in the same sense and direction of what is the purpose.

The provincial legislatures also support the government of the three Prairie Provinces to co-operate in setting up a wheat board with the co-operation of the Dominion Government. Mr. Bennett explained, with a view to a position to regulate the wheat and other grain products and deliveries of wheat and other grain products by parliament in the event of a crisis, it is necessary to bring it into effect outside of the province.

## BAN ON TITLES IS UP FOR DISCUSSION

Ottawa, March 14 (CP)—With a resolution which would set up a ban on titles will be up on the table of the House of Commons today to a discussion of private land titles. As a government motion is on the order paper to take Wednesday in future, government business today may give the last opportunity of the session for any extended discussion of private land titles.

Hampshire Mitchell, labor member of Hamilton, Ont., is the sponsor of the anti-titles resolution, in which it is the opinion of the House the Private Land Titles Act is a source of trouble and confusion in the transfer of land titles, and that it is necessary to bring it into effect outside of the province.

that took place against the treaty President Roosevelt will attempt to revise, it before he leaves the White House.

Rejection of the resolution to rally would mean that a new treaty would have to be negotiated. But it is doubtful whether Canada would agree to that, if any of the opposition demands in the Senate. These included proposals to restrict diversion of water from Canada's own Canadian Bay and to give the United States authority to discharge over water withdrawn from Lake Michigan.

Failure of the Senate to rally would mean a check for the hope of Middle Western and New York State interests which have for years denoted the idea of a new waterway from the head of the lake to the Atlantic, lately proposed by Canada and the United States. It would mean a check for those who would like to see the negotiation of the treaty and the opportunity of the United States to participate in the construction of the waterway. But former King was not belligerent.

## MANNY STREWL IS CONVICTED

Found Guilty on Charge  
of Kidnapping J. J.  
O'Connell, Jr.

Albany, N.Y., March 14 (UP)—Manning Strewl, former Albany hotel owner, was convicted Tuesday night on charges of kidnapping John J. O'Connell, Jr., member of a politically powerful family, the jury heard only three hours.

Young O'Connell, owner of the powerful Albany County Democratic Party, was released from prison Tuesday after being held for 30 days in a New York City jail.

Strewl who did not take the witness stand in his own defense, retained the verdict easily. Detective William David H. York, who acted as counsel for the late newspaper publisher, testified that he saw Strewl with the law, indicated he would take him to his apartment, and that he saw him being held for 30 days in prison. Strewl was pronounced guilty.

Strewl, an ex-convict and former beer runner, who acted as "go-between" for various national guardsmen, was charged with the kidnapping of O'Connell, and the holding of the man in his own home for 30 days. He also said he was able to identify Strewl "by the voice."

**CHAIN WAGES**  
Ontario Commission on Retail Trade  
is Aired News Ottawa Probe

Ottawa, March 16 (CP)—Retail Commission staff members are being asked to look into the possibility of a chain store sales policy which would allow a store to sell goods at a price below the cost of the goods, as was done by the Ontario Retailers' Association, according to a witness before the committee of the House of Commons.

At the same time, the fact-finding committee presented a letter from an employer of a chain store saying that it was not a good idea to allow a store to sell goods at a price below the cost of the goods, as was done by the Ontario Retailers' Association.

**INSIST ON HAVING ALL OF THESE DODGE FEATURES IN YOUR NEXT CAR**

See how all your cars are made on the "Show-Down" plan. It's the only way to buy automobiles—the buyer compares new car features by feature, then chooses the car he likes best.

There's no chance of going wrong... if not getting the car best suited to your needs when you pick your car on the "Show-Down" plan you don't have to accept anybody's word for what Dodge can give you in a most competitive car.

You see everything... try everything... test everything—before you buy! You can easily have a hand behind the wheel.

You see why Dodge always built, reinforced with steel, is safer than wood... Why Dodge double-dip X-type frame section frame keeps the car close to the ground. How you can take sharp curves with safety.

You can't afford that "floating Chassis" which smooths out the bumps in the road—no more with back-spring bouncing.

You can't afford that padded Flamingo Power engine mountings smother engine vibration.

See your Dodge dealer today and arrange for a "Show-Down" demonstration and remember: Dodge is First Right Down among the Lowest Priced.

### ST. PATRICK'S BANQUET DELIGHTFUL AFFAIR

Ladies of St. Andrew's Presbyterian Church are Organized

The annual banquet in honor of St. Patrick, sponsored by the ladies of St. Andrew's Presbyterian Church, was held last night, and more than 400 were seated during the supper hour. It was a most delightful affair, the tables being well decorated with flowers and greenery, and the guests were well served by the waiters. The ladies were held in the spacious dining hall and the evening was most enjoyable. The ladies of St. Andrew's Presbyterian Church are organized for the purpose of promoting the welfare of the Irish community in this city. They are active in many ways, and their efforts are highly appreciated by the community at large.

(By Day)

Just last week a sports reporter looking along in the street and on the street tonight and narrow path just in front of him and on the street tonight and narrow path just in front of him and on the street tonight and narrow path just in front of him.

First and foremost we must admit we were not present at the last in Kingston but probably exactly what that night had given a few weeks. Crawford, then that time, was not present at the last in Kingston but probably exactly what that night had given a few weeks.

While on the subject of being Premier Bill Adams informed us that a night change in the program to be presented at the airport tomorrow night was necessary owing to the illness of Premier Adams who was to have arrived Wednesday in the main hall of the meeting. Adams was taken ill over the week-end and will be unable to appear on the card but has been adequately filled by Joe Hollywood of Kingston. The airport promoters have added another touch to the program Thursday night in the person of Howard O'Neil who is a fighter at Kingston in the middleweight class.

This again makes ten fights in all.

As for the subject of being Premier Bill Adams informed us that a night change in the program to be presented at the airport tomorrow night was necessary owing to the illness of Premier Adams who was to have arrived Wednesday in the main hall of the meeting.

## THE OLD ROCKING-CHAIR

It is not for its beauty we prize it. For its beauty is faded and its color is brown.

Or when it is painted and hidden with cushions of leather and velvet.

It stands in the wide kitchen corner. Although at one time it was worthy of the room we called "parlor."

Our first rocking chair! How we prize it! And in our own home of home.

How we paint bright stripes on its sides. How we upholster it with velvet. How we embellish with holly's shining leaves.

And this is how we make it. In spite of its barren and cast; Of the green of the heart made; Of the green of the heart made.

The green round the old rocking chair. A halo. The green round the old rocking chair.

When weary of life's toilsome round. And of life and its fret and its strain. The green round the old rocking chair.

The green round the old rocking chair. The green round the old rocking chair. The green round the old rocking chair.

The green round the old rocking chair. The green round the old rocking chair. The green round the old rocking chair.

The green round the old rocking chair. The green round the old rocking chair. The green round the old rocking chair.

The green round the old rocking chair. The green round the old rocking chair. The green round the old rocking chair.

The green round the old rocking chair. The green round the old rocking chair. The green round the old rocking chair.

The green round the old rocking chair. The green round the old rocking chair. The green round the old rocking chair.

The green round the old rocking chair. The green round the old rocking chair. The green round the old rocking chair.

The green round the old rocking chair. The green round the old rocking chair. The green round the old rocking chair.

## Beauty Seeker Should be Wise to Make-Up Tricks

(The Beauty Box)

There is a great deal of talk about make-up these days. Some people say it is a necessary part of a woman's wardrobe. Others say it is a waste of money. The truth is, it is a matter of taste.

There is a great deal of talk about make-up these days. Some people say it is a necessary part of a woman's wardrobe. Others say it is a waste of money. The truth is, it is a matter of taste.

FAVORITE WINNER OF GRAND NATIONAL

Golden Miller, Favorite Wins Grand National Stealing Course Record

Finest Race in History of Event no Ricers Not Hories Ignored

FENCED WELL

Two U. S. Horses, Delane and Thomson II Finish 2nd and 3rd

At Newbury, March 23 (C.P.)—Rumors that the great 1934 Grand National Stealing Course Record would be broken by the American horse, Golden Miller, were not without foundation. The horse, owned by Mrs. J. W. Delane, won the race in a time of 3:28.2, beating the record of 3:28.2 by the American horse, Golden Miller, who won the race in 1933.

# THE NEW FORD V-8

**HERE, in each, concise form—without high-pressure sales talk or bull-dozing—is a list of one hundred principal features of the New Ford V-8. Many are exclusive with Ford. Many are not available in any other car within hundreds of dollars of the Ford price. • We publish this list in a sincere effort to help you decide which car offers you the most for the money and is best for your particular needs. Every Ford dealer stands ready to demonstrate the New Ford V-8 and show what all of this quality means to you in performance and comfort.**

## V-8 ENGINE

**1 V-8 CYLINDER ENGINE.** The Ford V-8 is the only car under \$600 with a V-8 engine. Ruggedness, speed, power, maintenance and economy—these are the prime objects of horsepower put into a Ford that has Ford engine over 4000.

**2 CRUISE MOTORS AND CHANGERS.** **CLIST INTEGRAL INCLUDING EXHAUST MANIFOLD.** (Exclusive Ford feature.) Provides exceptional rigidity for the entire engine, giving smoothness of operation and long life to bearings starting as far as 100,000 miles.

**3 SP. VALVE BETWEEN CYLINDERS.** The 16 valves are given over cylinder head sequence and place the valves in inherently perfect position, eliminating the freedom from vibration at all times.

**4 FULLY CONTROLLED VALVE.** (Exclusive Ford feature.) Also reduces smooth operation and long life to bearings starting as far as 100,000 miles.

**5 OFFSET CAMSHAFT.** (Exclusive Ford feature.) Reduces bearing pressure, reduces wear and tear on the camshaft.

**6 FULL AREA CONNECTING-ROD BEARING OF FLOATING TYPE.** Provides full bearing surface for all connecting rods, increasing bearing life.

**7 LARGE CRANKSHAFT AND CAM-SHAFT BEARING AREA.** The large size of bearings reduces wear and tear on the crankshaft and camshaft.

**8 PLATED MAIN BEARING CAGE.** Assures rigidity of bearing structure, thus reducing possibility of misalignment. Increases bearing life and adds to economy.

**9 CRANK BEARING WITH OIL INJECTION.** Reduces bearing wear and tear on the crankshaft and camshaft.

**10 CONSERVATION CYLINDER HEAD.** (Exclusive Ford feature.) Reduces the Ford V-8 engine output. Gives easy access to the cylinder head.

**11 VALVE SILENCER AND AIR CLEANER.** Ford's air intake cleaner is efficient. Reduces dirt and dust, preventing excessive wear and contamination of engine.

**12 ALUMINUM CYLINDER HEAD.** Gives the increased efficiency and fuel economy which come from light weight.

**13 DOWN-RAISED CYLINDER HEAD.** Assures low oil level in cylinder under normal running. Also gives easy access to the cylinder head.

**14 HOT SPOT INLET MANIFOLD.** Reduces engine wear and tear on the inlet manifold.

**15 ALUMINUM PISTONS.** Improves cooling action. Reduces bearing wear and tear on the pistons.

**16 LIGHT, HOLLOW PISTON RODS.** Reduces engine wear and tear on the piston rods.

**17 WORK-ADAPTED "FRICTION-SEAL" VALVE CLEARANCE.** (Exclusive Ford feature.) Reduces engine wear and tear on the valves.

**18 EXHAUST VALVE-SEAL EXHAUST.** Prevents loss of engine power, making it more efficient.

**19 VALVE UNIT ASSEMBLY.** (Exclusive Ford feature.) Valve, valve spring, and valve seat are assembled as a single complete unit. Valve seat is removed from valve. Provides easy removal of valve for cleaning purpose. Also reduces maintenance time and labor.

**20 LARGE VALVE STEM END.** Reduces wear and tear on the valve stem end of valve.

**21 FULLY AUTOMATIC SPARK ADVANCE.** Combines of spark advance governor and brake master.

**22 DIRECT-DRIVEN IGNITION UNIT.** (Exclusive Ford feature.) Ignition distributor is directly driven from the crankshaft, giving positive timing.

**23 ENCLOSED IGNITION WIRING.** Reduces the possibility of short circuits and sparks.

**24 SHORT IGNITION-HIGH-VOLTAGE CONNECTION BETWEEN COIL AND DISTRIBUTOR.** Prevents loss of strength of current to spark plugs.

**25 SINGLE IGNITION COIL.** Simplifies electrical system for 8-cylinder engine.

**26 SPECIAL IGNITION CONTACT POINT OPERATING SYSTEM.** Makes possible the use of single contact point.

**27 AIR DISTRIBUTION OF IGNITION DISTRIBUTOR.** Complete unit can be removed and replaced easily without requiring welding of parts.

**28 POLISHED CYLINDER BARELS.** Their smooth surface reduces friction and wear, adding to the useful horsepower and life of the engine and improving economy.

**29 ACCURATE MECHANICAL BALANCE.** All reciprocating and rotating parts of engine are accurately balanced for smooth operation of engine at all speeds.

**30 LOW MAX-PRESSURE EXHAUST SYSTEM.** Water-cooled exhaust passage in cylinder block, ample exhaust piping and large low-pressure muffler give low exhaust pressure and high fuel economy.

**31 FUEL ECONOMY.** Engine combustion is efficient. Reduces waste of fuel.

**32 WATER-LOCKED WATER JACKET.** The water jacket around the cylinder block, ample exhaust piping and large low-pressure muffler give low exhaust pressure and high fuel economy.

**33 TWO WATER PUMPS.** The use of two water pumps provides plentiful flow of cooling water to both cylinder blocks. The engine water pump and radiator fan pump.

**34 LONG-LENGTH WATER JACKET.** The water jacket around the cylinder block, ample exhaust piping and large low-pressure muffler give low exhaust pressure and high fuel economy.

**35 WATER-LOCK THERMOSTAT AND THERMOSTATIC MANIFOLD HEAT EXCHANGER.** Reduces engine wear and tear on the thermostat.

**36 EASY FAN-SEAL ADJUSTMENT.** Fan belt can be adjusted without the use of tools.

**37 ACCESSIBLE FULLY ENCLOSED VALVE TRIGGER.** Valve, valve spring, and valve seat are assembled as a single complete unit. Valve seat is removed from valve. Provides easy removal of valve for cleaning purpose. Also reduces maintenance time and labor.

**38 PRESSURE LUBRICATION.** Full pressure lubrication is oil circulated and constant lubrication. Increases bearing life and reduces engine wear and tear.

**39 RUBBER-MOUNTED POWER-PLANT (Optional equipment).** Engine, pump, pulley, including clutch and transmission, is free rubber for smoothness of engine operation.

**40 CLUTCH AND TRANSMISSION.** The pressure required to throw out the clutch is approximately 10 lbs. "Kick foot" with this. This is what is expected by women drivers.

**41 SMOOTH CLUTCH ENGAGEMENT.** Tension springs in the clutch plate make smooth engagement.

**42 SYNCHRONIZED TRANSMISSION GEAR.** Shifting into second or high gear can be done without difficulty, smoothly, wherever desired. Synchronizing unit for gear change.

**43 SECOND-GEAR SPEED GEAR.** Reduces the possibility of short circuits and sparks.

**44 GEAR HATCHING IN SETS.** As a further measure of quiet operation, the second gear is hatched.

**45 ANTI-FRCTION BEARINGS IN TRANSMISSION.** The power shaft, ball and roller bearings in all forward gears are of the anti-friction type.

**46 TUBULAR DRIVE SHAFT.** The transmission of power from engine to rear axle is by means of a tubular drive shaft.

**47 TORQUE-TUBE DRIVE.** (An important feature of the Ford V-8.) The torque tube is a rigid member which carries the weight of the rear axle and the weight of the engine and transmission.

**48 TORQUE-TUBE DRIVE.** (An important feature of the Ford V-8.) The torque tube is a rigid member which carries the weight of the rear axle and the weight of the engine and transmission.

**49 TORQUE-TUBE DRIVE.** (An important feature of the Ford V-8.) The torque tube is a rigid member which carries the weight of the rear axle and the weight of the engine and transmission.

## WINTER HANGS ON

"Winter in the lap of spring," is a very poetical phrase for a very unpleasant reality, especially when it follows on a warm spell which sets thoughts and plans springward.

Two of the first three days of spring have proven to be rather unpleasant during the last of March, but it is not the fish the old adage for March—"In like a lamb, out like a lion."

Two or three nights of hard weather have also had a part to play in the timing of the spring freshets. Two weeks ago or more one would have thought the ice in the lower river would have remained where it is though it was realized that, the thickness of the ice below the railway bridge at the river mouth might even cause some trouble. Cakes of ice which broke

up and went on ice now imbedded in a new field of ice as a result of frost. Meanwhile ice, which would normally have broken up, is still held back by the river. So the two-day freeze has checked for a few more days the annual distillation of the ice field in the Mohr. The time is however getting now near the time of the usual breakup, which takes place about the twenty-third to the twenty-sixth of the month. Action in the river may be anticipated in a few days if conditions of weather are at all normal or the ice may move away.

The present winter has been living up to the record, which is started to make October 10. It will go down in local annals as the coldest for forty years—at least. March has not been cold and rough as it sometimes is, so that the spring freeze-up of this week may even up the score somewhat so that Winter will have a fairly high average every month.

## BEER AND WINE

Beer by the glass in hotel refreshment rooms and beer and wine at meals in hotel dining rooms and possibly in restaurants and clubs are near, though not more than six weeks away, though the coming may be delayed until after a general election. The measure is a government bill and the decision of the opposition is the decision of the measure in the stated effort to keep the question out of politics, may possibly have some effect upon the political situation.

The measure does not restore the old "lighter" wine, beer and "spirituous" liquors were sold. The provisions incline towards the more "lighter" liquors of the measure in the stated effort to keep the question out of politics, may possibly have some effect upon the political situation.

sell beer and wine and this may create a trend to the hotel-dining room. But even some hotelmen are not sure about having the right to supply beer and wine with meals as it is held there in the days of the prohibition. Some hotelmen state that hotels have been hard hit since the day that they had but that something should be done to bring back some of the prosperity.

Prohibition has been given as yet whether there will be a united opposition to the bill when it again comes up.

## SIDELIGHTS

**GRAVE AND GAY**  
The *Intelligencer*

What is the worth of a little song? No one can truly say. For sometimes its echoes may linger long. And sometimes they die in a day.

What is the worth of a smile, a kiss? Only a seer could guess. Though often they bring but a moment's bliss. Yet all of a life they may bless.

Who can value a mood, a word. Whether the heart be cold or stirred. Seems but the passing of a cloud.

Some must go to the world's far ends Seeking life's ardent fires. Others find where their road first bends All of their heart's desires.

## THE VIRGIN ISLANDS

Sam's domains, are to be used for rum experiments, so comes the news from Washington where President Roosevelt's Brain Trust functions. The NRA, P.W.A., C.W.A., and all the other alphabetical commissions devised by the professors on the President's revival of prosperity staff, have just turned their faces and the public is now staring at results. Nothing much more than that is seen from Washington so the professors have turned their attention to a new and virgin island, the Virgin Islands, which have been noted and prosperous because of the rum produced there. Prohibition, however, has been a cramp in the rum business, and properly died on the Virgin Islands. Now the United States government proposes to develop the islands into the sugar business in the Virgin Islands, and as naturally follows, the rum business. Uncle Sam proposes to develop on a co-operative system 6,000 acres of sugar lands. Soon there will be a brand of sugar on the market and a new brand of rum, labelled, perhaps, Uncle Sam's Virgin Sugar, and Uncle Samuel's Prime Old Virgin Rum, Not a Headache in a Noel.

## FACE ON THE BAR-ROOM FLOOR

Had had been served by the ropes of prohibition and is again occupying the public prints. First man to rectify the said dirty, F. J. White, has just died, and the Face on the Bar-Room Floor" reappears on the Front Page. Porter J. White, who died in New York City Monday. He claimed to be the first to rectify the public house, which is a bar, and has been inspired by an actual happening in a Fourth Avenue saloon, where a tramp walked in and begged for a drink. Drawing a picture of a woman's face on the floor—he was an artist and a cultured man, driven to drink, it is said, by the loss of a sweetheart and the treachery of a friend. As a matter of fact the bartender was so lacking in artistic appreciation that he bounced the tramp without the drink, but the story and gave him some money. The story started thus, as written by D. V. Arcy: "It was a balmy summer evening, and a goodly crowd was there. Within welching mind's eye-bar-room on the corner of the street. And as a crowd went slowly came through the open door. A vagabond crept slowly in and posed upon the floor."

## UNCLE SAM'S HANGS OUT MUNITY

They plan prison sentences to convicted kidnappers in an effort to discourage this new phase of the gangster. After a kidnap, the law serves one of those sentences he hardly go back to that particular crime.

## They were sitting round the fire, swapping

"When I was in Montana," said one of them, "I saw a mountain lion come right up to the camp one day. After a friendly feast, but, with great presence of mind, I threw a bucket of water in its face and it slunk away."

"Boys," said a man sitting in a corner, "I can vouch for that story. A few minutes after that happened I was coming down the side of the hill. I met this lion and it was my habit, stopped to stroke his whiskers. Boys, those whiskers were wet!"

## How the World Worships in the Observance of Easter

At Toronto, Ont., worshippers at the cross atop Mt. Robinson. At Upper Hilda, worshippers praying on the beach of the lake. At Rome, an Easter procession on the beach of the lake. At Jerusalem, young boys praying at St. James church.

Religion in Canada is not the only land, though the sentiment may be true, where the people of other nations, among the Greeks and the Jews, observe the festival.

## ALL-BRAN RELIEVED HIS CONSTIPATION

Delicious Cereal Brought New Health to Mr. Bartholomew

We spoke from his voluntary letter to the fact that Dr. Bartholomew had been suffering from constipation for some time. He had tried many remedies but had not found any relief. He then decided to try All-Bran cereal. After eating it for a few days, he found that it had relieved his constipation and that he was feeling much better. He then wrote a letter to the manufacturer of All-Bran, expressing his appreciation for the cereal and its effect on his health.

## NABORHOOD

SHOE STORE

SATURDAY - MARCH 31st - SATURDAY

Yes, another NABORHOOD Shoe Store and this statement means a store in a community who SPECIALIZE in FITTING above everything else. Fitting is our first consideration, so much so, that the LOCKWEDGE SHOE CO., makers of the M. W. LOCKE SHOES, designed and approved by DR. M. W. LOCKE, Williamsburg, Ont., waited for our opening before introducing them at the price you want to pay. This confidence we have earned and we are proud of it. Three foot experts will be at our store Saturday to suggest the proper footwear for your particular foot trouble, at the price you want to pay.

FARMERS and FAMILY we invite you to pay us a visit, inspect our store and pay a visit to our Ladies' Rest Room which was built especially for you. We want you to make yourself at home here, whether you intend to purchase makes no difference. You will please us very much if you will use our store as your depot, when in the city.

LADIES—Be sure and get your Free Rose on opening day, also your chance on a FREE pair of M. W. LOCKE SHOES; there will be two pair given away on Saturday night at 10 p.m., 1 pair of men's and 1 pair of women's, value \$20.00. His Worship Mayor Tice of Belleville will draw the winning tickets. These coupons are free to every person visiting our store, do not fail to pay us a visit.

FOR THE KIDDIES—Every Kid visiting our store on opening day will receive an Easter Egg Free. Bring the Kiddies. Space will not permit us to list all of our values. We have hundreds of outstanding values for the whole family. Pay us a visit—SEE AND COMPARE.

In the small Canadian village of Williamsburg, Ontario, lives a modest physician who is known far and wide as "The Miracle Man". His name is Dr. M. W. Locke and each year thousands of foot sufferers from the United States, and from foreign countries journey to his clinic to receive his treatment.

It was Dr. Locke, himself, who designed the M. W. Locke Shoe to properly support the

foot and to assist  
in restoring mis-  
placed bones to  
normal position.

These shoes are built to Dr. Locke's personal specifications and are the only footwear to bear his stamp of approval.

If you are troubled with your feet, come in and let us fit you to a pair of M. W. Locke Shoes. In our opinion, and that of thousands of satisfied wearers, these are the finest orthopedic shoes that have yet been made.
